

Product ref:

Kneelers

From: £

Quantity	Price
-	£0

Description

Our kneelers are made to order and to measure, using a durable 30% wool tweed as standard which both fits the church aesthetic and requirement for a good quality fabric. If you are also purchasing pew cushions or chairs from us, we can use the same fabric and colour for the kneelers for the perfect match. We aren't limited to loose kneelers either. If you have wooden framed kneelers that are beginning to look tired, we can either reupholster these or produce like-for-like replacements depending on the quality of the frames. Typically, our kneeler cushions are 4" thick, but can be made thicker or thinner to suit, for example to match the height and width of a step for a flush finish. We are experienced and adept at producing kneeler cushions that follow the curve of a staged area too, while free, no-obligation samples are available to trial allowing you to inspect our quality and comfort. Contact us today on 01494 670 600 or email admin@alpha-furniture.co.uk to see how we can help. [Please also check out our dedicated website for more information and examples that you can view by clicking here.](#)
