Description

The E101 high-stacking chair represents great value with a lightweight, moulded polypropylene seat and back. The fully welded frame comes in an attractive Light Grey as standard, with a chrome plated frame available at additional cost (please contact the office for a quote). Stacks up to 25 high on a drolley to minimise the required storage space, or 10 high on the floor. This chair is held in stock for a lead time of typically within one week, depending on stock levels at the time of order. Linking floor glides are featured as standard.
