Description

The VIBE chair provides a great value, lightweight, stacking chair option. A comfortable polypropylene shell and lightweight aluminium legs allow for both indoor and outdoor use. With a great colour range available, this is the ideal chair to add a punch of colour to any social space. All colours are also available for quick delivery (stock dependent). Especially ideal for flexible social and cafe areas, the VIBE chair can be stacked up to 8 high for neat and efficient storage. The polypropylene finish in a choice of 10 modern colours also ensures an easily cleanable surface.
