200 - 399	£141.00
400 -	£139.00

Description

This chair is one of the most comfortable chairs in our range. It combines supreme comfort with stackability, durability, style and a multitude of options. The beech laminate frame is very strong. The waterfall front and deep, generous, high back make it a hit with various shapes and sizes of user. It is UK made, comes with our 6 year guarantee, and features several clever touches, including forming continuous or 'bench' seat when in rows. Options include arms, frame staining, handhold or not, book storage, stain protection (minimum quantity applies), a prayer rail, and linking. Many frame stains are available, as are various fabrics and colours. Stacking buffers on the frame help protect against scratching. The extra support offered by the deep back means this chair almost sells itself when sat on. A steel framed version is also available, offering great value. Few chairs offer such a combination of value, quality, options, comfort and versatility, plus of course that true 'pew seat'. Armchairs also stack, as long as they are the top chair in a stack. Our universal chair removal trolley will quickly help move a stack of up to 6 chairs for fast, efficient stowage. The trolley can then be slipped easily into a cupboard. These chairs come with our 6 year guarantee, and stack 6 high. Lead-time is 5 weeks from the date of your order.
