400 -	£39.95

### Description

This comfortable and strong one-piece polypropylene chair allows for dining use as well as conference and auditorium layouts with a well designed back suiting multiple postures. Available in a selection of bright and smart colours, the chair can be adapted to suit all types of requirement. It also stores very efficiently, stacking up to 8 high on the floor, or 18 high on a purpose-made dolley. A lip at the top of the back, combined with its light weight, makes moving the chairs very easy, allowing the chairs to be rearranged often for highly flexible and versatile situations. Given the versatility of the chair, it's ideal for a multitude of interiors, including:

- Colleges/Sixth Forms
- Canteens
- Libraries
- Community Halls
- School Halls
