From: £34.95

Quantity	Price
8 - 96	£37.95
104 - 196	£35.95
200 -	£34.95

### Description

The ergonomically designed LF2 folding chair provides comfort without the need for upholstery. A piston mechanism creates a very neat design that avoids snag and pinch points. The perforated seats and backs allow the chair to be well-suited to outdoor use as well as indoor, with water able to drain easily in the event of rain. Available in three colours (White, Black and Grey) the chairs can fit into most interiors and exteriors seamlessly.
