100 - 199	£44
200 -	£43

Description

One of our most popular stacking chairs is now available as a bundle deal, with choice of powder coated or chrome plated frame, and Bondai Crib 5 upholstery. A wipe-clean faux leather finish can also be supplied at an additional £3.95+VAT per chair.

This chair ticks so many boxes for people. The SB2M chair combines comfort with stackability, value, style, and an incredibly light weight of 4.9kg. It will stack 10 high, although we can provide you with a dolley designed and made just for this chair, allowing you to stack 25 high. It can be lifted by many with one finger and is available in several fabric types including wipe-clean faux leather. Floor glides come as standard to protect your floor and the front stacking nature of the frame means they are difficult to stack wrongly. These features all combine to make it one of our best multi-use space chairs.

Welded or clip-on links can also be added.

10 year guarantee
